POWER SUPPLY

APSII500

APSII500 SFX power supply has single rail 12v technology; that gives it an extremely stable and powerful performance. And, due to its long cables this PSU is highly compatible.

This 500W SFX power supply includes an ultra-silente 8 cm and 18 dB fan with thermal speed control and anti-vibration system, decreasing the PSU noise level.

APSII500 has been manufactured according to EU standards and directives. It has industrial-grade electric protections and filtering for safest operation.
